

OVERDRIVE!

PARTY

Sunday, October 24 ♦ 6:00 — 9:00 p.m.
Andretti Indoor Karting & Games and Topgolf
(Shuttles will be available to/from the Hilton.)

Put the pedal to the metal and tee-it up for the green! It's STAFDA's **OVERDRIVE** Opening Party where driving like an Indy car racer is just as prominent as a power drive by a PGA Touring wannabe.

Whether a speed racer, a putter, or a combination of the two, STAFDA's Opening Party at **Andretti Indoor Karting & Games** and **Topgolf** offers something for everyone! Within walking distance from the Orange County Convention Center and host hotels, the two venues share a common parking lot allowing attendees to freely explore both. Zip around the track, navigate the ropes course, challenge your sales team to laser tag, hit a few balls, and then stop in the arcade. Don't forget to take a break and get something to eat!

Andretti Karting features the adrenaline rush of electric go kart racing around hairpin turns and long straightaways in their climate-controlled tracks. The **Biz EcoVolt GT** karts are the best in the industry and are powerful, ergonomic, safe, and environmentally friendly. Plus, they pack enough torque to leave your co-workers at the starting line! Get your competitive juices flowing through the two-story **Laser Tag** arena. The sure-footed may want to try the **Sky Trail Ropes Course**, a high-adventure ropes course suspended above the arcade — the first in Florida to feature a unique curved zip line. There are virtual reality simulators, boutique bowling, and classic arcade games for a complete sensory experience.

For STAFDA golfers, **Topgolf** is a hyper-modern take on a traditional driving range. With its open-air atmosphere, attendees hit micro-chipped golf balls that track each shot's accuracy and distance while being awarded points for hitting targets on the outfield. Anyone from aspiring golf pros to those who have never walked 18 holes can play. There are 34 bays on three levels allowing more than 600 golfers to hit simultaneously.

And...if you hear a woman say "nice shot" or "may I offer some advice?", it'll be retired LPGA superstar, **Annika Sorenstam**! Not a lookalike, but the **real** Annika Sorenstam! She'll be at STAFDA's party for 90 minutes stopping in the hitting bays to mix-&-mingle and offer golf tips! Annika is regarded as one of the best female golfers in history. She won 90 international tournaments making her the female golfer with the most wins to her name. This includes 72 official LPGA tournaments, including 10 majors and 18 other tournaments internationally. **Be On the Look Out (BOLO) for Annika!**

STAFDA's Opening Parties are known for their great food — no one goes home hungry! There will be plenty of frosty beverages on tap as well to help cool down on a warm Florida night.
