**Send form to:** P.O. Box 44, Elm Grove, WI 53122-0044 • **Fax:** 262/784-5059 • **Email:** info@stafda.org

What are your professional aspirations and goals for the next five years?

Within the near future, I aim to continue focusing on my education while integrating professional experience at the same time. Within the next year, I will be working on enhancing my skills and gaining professional experience through a Supply Chain internship this upcoming summer. I believe this internship will allow me to experience a glimpse of the professional industry that allows me to evolve my skills in a challenging environment, work within a team, and learn to provide efficient solutions.

I aspire to continue committing my desire to grow professionally within the next five years. I believe that attending STAFDA will allow me to explore new aspects of the supply chain. By interacting with professionals in the field and learning from their experiences, it will help me decide what my interests in the Supply Chain are exactly. Within the next five years, I aim to be at a job that I truly enjoy. A job that allows me to challenge myself and be able to experience the job of seeing results and achievements.
